

RAMBLERS' ASSOCIATION SERVICES LIMITED

It is quite a while since we had an out-and-out non-perfin item in the Bulletin, so I make no apologies for including this article.

KEVIN PARKHILL has a very clean, uncreased booklet issued by the Ramblers' Association Services Ltd, 48 Park Road, Baker St. N.W.I.

The ticket inside is for rail travel in Yugoslavia commencing at Skopje and is valid for 2 months from 14th May 1960. Every page has been perforated through from front to back with the legend 'RAMBLERS *6.*5.60'.

The date is very similar to those seen in the Sloper ledgers but none are identical to the dies in our Illustrated Catalogue. However, the design for the "noughts" in the date (*) is identical to Design 0260.01 (which in Tomkins is identified with Bovis Ltd). As the outside cover of this ticket is salmon pink, the photocopy is not as clear as I would have liked it to be.
